The Great Dynamic Physician!!

Makes the Blind to see, the Deaf to hear, the Lame to walk.

The Palsied and Paralyzed restored to the free use of their faculties, and sufferers from CHRONIC DISEASES generally relieved of their maladies,

WITHOUT MEDICINE.

Dr. Fanyou Cures Catarrh. { Remember this, and that it is not the sensational boast of a traveling quack, but an attested fact, as may be seen by a visit to his office in Curtis' block, cor. Main and Elm sts., where he has many first-class testimonials thereof.

DR. FANYOU:

BRIDGEPORT, Sept. 5th, 1873.

DEAR SIR: Having seen numerous testimonials in your behalf, I thought it no more than justice to add one more to your list. Some twelve years ago I strained one of my legs, supposed it was done wrestling. During the 12 years had tried various remedies, with little or no avail, and was finally inclined to try Dr. Fanyou's method of treatment; after a few treatments from the Doctor, the soreness left me, and am satisfied the Doctor has effected a permanent cure. Respectfully yours, P. A. HIGLEY.

BRIDGEPORT
CITY DIRECTORY,

FOR

1874-5.

CONTAINING A

GENERAL DIRECTORY OF THE CITIZENS,

AND A

CLASSIFIED BUSINESS DIRECTORY.

BRIDGEPORT:

PRICE, LEE & CO., Publishers,

Curtis' Building, 291 Main Street.

1874.

[Entered according to Act of Congress, in the year 1874, by Price, Lee & Co., in the office of the
 Librarian of Congress, at Washington.]

map

INTRODUCTORY.

Early in the season we purchased of the Standard Association the exclusive right and title to publish this Directory once a year, and we take great pleasure in presenting you with the BRIDGEPORT CITY DIRECTORY for 1874-5.

A Directory has become a necessity to business men, and to be useful as a reference, it should be correct. We have made a thorough canvass, and have delayed the day of its issue to enable us to give you one as nearly correct as the absence of numbers in some streets, and their irregularity in others, would allow.

Directory publishers are often criticised for their spelling of proper names. In many cases they are unjustly so; for the canvasser is told many times when he asks a person to spell his own name, to "spell it as you please, I don't care," consequently they spell it according to common usage.

There are doubtless errors and omissions, but we are confident they are slight, as the preparing of copy and the reading of proof has been under the immediate supervision of a gentleman who has been a resident of this city for many years, and who has had much experience in the work.

| | |
|-----------------------------|-------|
| Number of names erased..... | 2,410 |
| “ corrections..... | 2,586 |
| “ new names..... | 2,177 |
| Whole number of names..... | 7,800 |

There is a loss of 233 names. This city is an extensive manufacturing place—especially of sewing machines—and during the past year this branch of business has been unusually dull; this has caused the deficiency.

From extensive experience it has been found that the name of one in every three of the population usually appears in a Directory; thus giving Bridgeport a population of 23,400.

The absence or irregularity of numbers has been a source of annoyance to us, as well as of perplexity to the residents. We have heard many complaints of the delinquency of the city government in this respect. The matter of re-numbering the streets rests with them, and we certainly hope that ere we issue the Directory for 1875-6, they may have this work completed in a manner that shall secure them not only the long needed letter carriers, but the confidence and esteem of their fellow citizens.

We thank the merchants and business men who have favored us with their patronage, and shall endeavor to issue a Directory each year worthy of the city; adding, from time to time such improvements as the increasing growth of the city and the best interests of the public may seem to demand.

Yours, respectfully,

PRICE, LEE & CO.

THE VICTORY AT VIENNA.

Wheeler & Wilson's

NEW ROTARY-HOOK LOCK-STICH SEWING MACHINE, No. 6.

For Family Use, Heavy Tailoring and Leather Work.

Attention is invited to the superior excellence of this Machine, some of the points of which are:

- 1.—A higher rate of speed, with less liability to wear.
- 2.—Simplicity of construction and ease of management.
- 3.—Positiveness and certainty in all its movements.
- 4.—The independent take-up, drawing up the stitch when the needle is entirely out of the goods.
- 5.—Unrivalled strength of seam and beauty of stitch.
- 6.—Adaptability to a much wider range of work than any other Sewing Machine in existence.
- 7.—It is the only Sewing Machine adapted to the staying of button-holes in ladies' shoes with cord, without the use of patent attachments therefor.

**Splendid and Unparalleled Triumphs of the Wheeler & Wilson Sewing Machine Co.
Over Eighty-one Competitors at the World's Exposition, Vienna, 1873, &c.**

1. **The Knight's Cross of the Imperial Order of "Francis Joseph,"** conferred by his Apostolic Majesty, the Emperor of Austria, upon the Hon. Nathaniel Wheeler, President of the Wheeler & Wilson Sewing Machine Company, as the founder and builder of Sewing Machine industry.
2. **The Grand Diploma of Honor,** recommended by the International Jury for this Sewing Machine Company only, for their important contributions to the material and social welfare of mankind.
3. **The Grand Medal for Progress,** awarded for their New No. 6 Sewing Machine, being for progress made since the Paris Exposition of 1867, at which the only GOLD MEDAL for Sewing Machines was awarded to this Company. Hence the Vienna award marks progress, not from a low level or inferior medal, but from a GOLD MEDAL, the highest award made at Paris.
4. **The Grand Medal for Merit,** for the development of Needle Industry, and excellence and superiority of manufactured samples exhibited.
5. **A Grand Medal for Merit,** for excellence and superiority of Cabinet work, the only award of the kind in this section.
6. **Medals for Several Co-operators** of the Wheeler and Wilson Company, for superior ability.
7. **The Official Report,** published by the GENERAL DIRECTION of the Vienna Exposition, signalizes the SUPREMACY of the Wheeler & Wilson Company, for quantity and quality of manufacture, and position in the Sewing Machine business, as follows:

OFFICIAL REPORT, VIENNA EXPOSITION, SEWING MACHINES, &c.

(GROUP 13, SEC. 2, B.)

"The greatest Sewing Machine Manufactory in the world is that of Wheeler & Wilson, New York, which alone has brought already over 900,000 of their Sewing Machines into practical use. The complete production of the parts by machinery is so regulated that each complete machine may be used as a sample for exhibition. This firm produces 600 well adjusted machines daily."
"The latest production of this firm, and which is the wonder of the Vienna Exposition, is their new No. 6 Sewing Machine. This universal machine sews the heaviest leather harness and the finest gauzes with a truly pearl stitch."
"Wheeler & Wilson have received the highest prizes at all World's Expositions, and at the Vienna Exposition were extraordinarily distinguished."

Boundary of the Voting Districts.

Extracts from the Laws Dividing the Town of Bridgeport into Voting Districts.

Be it enacted by the Senate and House of Representatives in General Assembly convened :

That the town of Bridgeport in the County of Fairfield, is hereby divided into three Districts, for the purpose of accommodating the Electors in said town in voting at the Electors' meeting in said town as follows, viz :

FIRST DISTRICT.—So much of said town as lies westerly of Bridgeport harbor and Pequonnock river, and southerly of a line running through the centre of Fairfield avenue to Park avenue, thence along the centre of Fairfield avenue, and along the centre of the highway leading from said avenue to the New York and New Haven Railroad track, thence along said track to Ash Creek, shall be and remain the First District.

SECOND DISTRICT.—So much of said town as lies northerly of said First District and westerly of said Pequonnock river, shall be and remain the Second District.

THIRD DISTRICT.—So much of said town as lies easterly of said Bridgeport harbor and Pequonnock river, shall be and remain the Third District.

Wards.

The city is divided into three Wards, having the same boundaries as the Voting Districts.

Population.

The population of the town of Bridgeport, according to the census of 1870, is 19,876. Since the enumeration was made, a portion of the town of Fairfield has been annexed to the town, and the western part of the town of Stratford has grown largely, so that good judges estimate the population to be, at present, not far from 25,000. In this estimate, the section known as West Stratford, is counted as being a portion of the town of Bridgeport.

Grand List of Bridgeport.

RATES OF POSTAGE.

On letters in the United States, 3 cents for half ounce or fraction thereof to be *pre-paid*—~~if~~ unless pre-paid one full rate, letters will be sent to the dead letter office at Washington.

City or drop letters must be *pre-paid* at the rate of 1 cent per half ounce, or fractional part.

NEWSPAPER POSTAGE.—*Weekly Newspapers*, 5 cents per quarter.

Semi-Weekly Newspapers, 10 cents per quarter.

Tri-Weekly Newspapers, 15 cents; and so on, provided the paper does not exceed four ounces weight. For each increase of four ounces the rate is doubled. These rates are based upon 5 cents per quarter for each day's issue.

Transient newspapers, periodicals, pamphlets, and other articles of printed matter, (except books and circulars,) seeds, cuttings, photographs, blanks, maps, engravings, envelopes, paper, book manuscripts and proofs, 2 cents for each four ounces and fraction thereof.

BOOK POSTAGE.—Books 4 cents for each four ounces or fraction thereof.

Unsealed circulars, 2 cents for each three or less in one enclosure to one address. A business card upon the envelope of a circular does *not* subject it to extra postage.

All mail matter must be pre-paid by postage stamps.

All transient matter must be sent in a cover open at the ends or sides. There must be no word or communication written or printed on the same after its publication, or upon the cover except the name and address of the person to whom it is to be sent. There must be no other inclosure in or with such printed matter. Every such addition will subject the entire package to letter postage.

Letters to or from the British Provinces or Canada, per half ounce, 6 cents, if pre-paid, 10 cents if unpaid.

Other foreign postages remain, as heretofore, subjects of arrangement between foreign governments and our own, and are not affected by this law.

Letters to the various departments of the Government upon official business *free*.

Fee upon registered letters eight cents, and the receipt of the party receiving the letter will be returned to the sender.

Persons wishing to pre-pay Postage in money out of regular office hours, should inclose the letter and money in an additional envelope, marking it "*Postage Inclosed*," and drop it into the letter box in the door.

MONEY ORDER RATES.

Money Orders drawn on England, Ireland, Scotland and Wales.

N. B.—Keys for all the boxes are also with the Fire Commissioners and Police.

INSTRUCTIONS TO KEY HOLDERS.

1. On the breaking out of a fire, notice should be immediately communicated to the nearest alarm box, keys of which are always in the hands of the police, and responsible persons in the vicinity of the boxes.
2. Key holders, upon the discovery or positive information of a fire, will unlock the box, pull down the hook ONCE, AND LET GO. This gives the desired alarm all over the city, repeating itself five times.
3. All persons giving fire alarms are requested to remain by the box a moment, and if no clicking is heard in the box, pull again; and if still no clicking is heard go to the next nearest box, and give the alarm from that.
4. Never signal for a fire seen at a distance. Never touch the hook except to give an alarm of fire. Be sure the box is locked before leaving it. Give an alarm for no cause other than actual fire. Do not give an alarm for a chimney fire.
5. Owners and occupants of buildings are requested to inform themselves of the location of the signal boxes near their property; also, the places where the keys are kept. Be sure the alarm is properly given. One, two or three strokes of the bells and gongs are not given for an alarm of fire.
6. Second alarms for the same fire will only be given by the Chief Engineer or one of his assistants.
7. Alarms will be sounded upon the Fire Bells thus: for box 4, four strokes of the bells, 1-1-1-1, with short intervals and repeating. For box 24, two strokes, 1-1, a pause and 1-1-1-1. Alarms for other numbers are given in a like manner.
8. Each box contains a small bell, which, if heard before you pull, indicates that the alarm has been given previously. Any person listening at a box will learn the number of the box from which the alarm was given. Do not pull the box when an alarm is being sent in from another box.
9. By closing the door the box will become locked. Do not let the key go out of your possession unless called for by the Chief Engineer or Fire Commissioners. If you change your residence or place of business, where the key is kept, return it to the Fire Commissioners.

The hour of 12 M., each week day, will be struck one stroke upon the fire bells, Bridgeport time being given from Blackman & Warner's, by telegraphic key.

By order of the Fire Commissioners.

AN ORDINANCE RELATIVE TO THE PROTECTION OF THE FIRE ALARM TELEGRAPH.

Be it ordained by the Common Council of the City of Bridgeport:

SEC. 1. Any person or persons who shall willfully deface, injure or destroy the Fire Alarm Telegraph in this city, or any part thereof, or any of its appurtenances, or shall willfully interfere with, or do anything to the same so as to prevent or delay the proper and timely use thereof, shall for every such offense, forfeit and pay a penalty of not less than twenty nor more than one hundred dollars, for the use of the city, the amount of such penalty to be fixed by the Court having cognizance of the same.

SEC. 2. Any person who shall open any Alarm Box connected with the Fire Alarm Telegraph, except by the authority of, or with the keys furnished by the Fire Commissioners, shall forfeit and pay therefor a penalty of twenty-five dollars for the use of the city.

SEC. 3. The penalties provided for in the foregoing sections may be imposed by the City Court, upon information of the City Attorney or Assistant City Attorney, as in ordinary criminal proceedings.
